### 2015 NAPLAN Results

As you would be aware, students in Years 3, 5, 7 and 9 completed NAPLAN testing in numeracy and literacy during Term 2. The purpose of the testing is to identify strengths and areas for improvement on an individual student level and collectively as a College. We received the results recently and initial analysis once again indicate some excellent results. Spelling is an area we have already identified as needing attention. Strategies targeted at improving spelling are being reviewed and implemented.

Parents of students in these year levels will receive their child's results in the mail. Parents are reminded that NAPLAN results are just one indicator of student performance and that a more comprehensive understanding of academic progress can be obtained by speaking to your child's teacher.

### Planning for 2016

Our planning for next year is progressing well. We have had a series of meetings with Marian College regarding our joint VCE subject offerings for 2016. We feel that we have developed a comprehensive program that will meet the needs of all students in Myrtleford. We will also be reviewing our curriculum offering for Prep to Year 10. College Council will have input into the process and all decisions will consider what is best for improving outcomes for our students.

If you have any questions regarding curriculum provision please contact me at the College.

### Myrtleford P12 College Performance Evening

Students have been busy practicing for the Third Annual Myrtleford P12 College Performance Evening which will be held at EMPAC on Thursday 10th September. Having been lucky enough to watch some of the rehearsal sessions I can tell you the students are very excited and have some great acts prepared. We look forward to seeing you there for what will be an entertaining and enjoyable evening.

You will receive more detailed information in the near future.

### 'Fit to Drive' Seminar

This week our Year 11 students took part in the 'Fit to Drive' workshop with their peers from Marian, Bright and Mt Beauty Colleges. The aim of the program is to help students make responsible and safe choices when they are in social situations that involve driving or being passengers in motor vehicles. Feedback from students has been positive.

# COLLEGE ANNOUNCEMENTS

## COLLEGE PERFORMANCE NIGHT

Put aside the date! Thursday 10th September

This year we have a number of acts being prepared by students which include drama plays, singing and dancing and in some cases a combination of all three. It is great to see the students excited about showcasing their talents.

Rehearsal dates are listed to the right. Secondary students are to inform their parents, when they intend to rehearse after school. Primary students will receive a note from their class teacher indicating dates they will rehearse. If you have any questions please contact me at school.

Jo Milford

Performance Coordinator.

**Performance Night  
After School Rehearsals**

**EMPAC  
3.30-5pm**

**Week 7:**

Tuesday 25th Aug  
Thursday 27th Aug

**Week 8:**

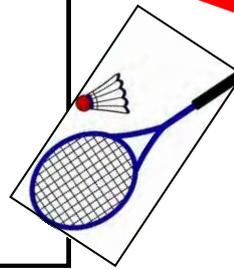

Tuesday 1st Sep  
Thursday 3rd Sep

## STUDENT SPORTS ACHIEVEMENTS

Congratulations to both our Junior and Intermediate Badminton Teams that both placed Second at the Hume Region Badminton last week.

Our Junior team members were: Briana Hines, Charlotte Martin, Amy Rogers and Cherie Selzer

Our Intermediate team members were: Lucy Anderson, Molly McKibbin, Rochelle Jupp and Brooke Sinnett

**ARE YOU A FUTURE FEMALE LEADER?**  
**ENTER OUR ESSAY COMPETITION!**  
**OPEN TO ALL YR 10/11 RURAL GIRLS.\***

Win a free 'Power Trip' to Canberra, meet inspiring female politicians & get published online.  
 One rural winner will be selected from each state & territory!  
 Just submit a 500-word essay, blog post or story answering the following question:

**If you were Prime Minister for a day, what would you do to help achieve gender equality?  
 Think locally & nationally!**

Competition opens 21 July 2015. Deadline is 11PM AEST 10 September 2015.  
 Indigenous & Torres Strait Islander girls are encouraged to apply. Submit your entry to:  
[contact@countrytocanberra.com.au](mailto:contact@countrytocanberra.com.au)

\*ACT Excluded. Check our website for Terms and Conditions.

All details & guidelines are available on our website:  
[www.countrytocanberra.com.au](http://www.countrytocanberra.com.au)

## COUNCIL SCHOLARSHIP TO VOLUNTEER IN ASIA

**A \$2,500 Experience Asia scholarship is being offered by the Alpine Shire Council to support young residents wanting to participate in an incredible Asia Pacific volunteer placement in 2016.**

In partnership with the Foundation for Young Australians and Global Vision International, the scholarship will assist one lucky Alpine Shire resident aged 18 – 20 to experience the diverse culture of Asia through a three to six month placement in a country such as Fiji, Laos, Nepal and Thailand, volunteering in the areas of education, environmental conservation or community development.

The scholarship is an investment by the community, for the community, which give otherwise inaccessible opportunities to local young people to engage in our Asian region.

Applications close 11 September, 2015 and are open to any Australian citizen, aged 18 – 20 and residing within Alpine Shire Council. For more information and to apply head to [www.fya.org.au/asia](http://www.fya.org.au/asia).

# BOOK WEEK 24th-28th AUGUST

**Myrtleford P-12 College Book Week Parade  
Thursday 27<sup>th</sup> August at 9:10 am in the Multipurpose  
Room.**

**Come dressed as your favourite book character to celebrate  
Children's Book Week.  
(You could even bring the book to share!)**

Parents, grandparents, caregivers and friends are welcome to come and share the fun!  
After the parade, we will be participating in a variety of activities in the classrooms across the Prep to Year 6 unit until lunchtime.

Don't forget that it is still winter and your clothing should be appropriate as you will be wearing it all day!

## BOOK WEEK IN THE SCHOOL LIBRARY

### Children's Book Council Book Awards

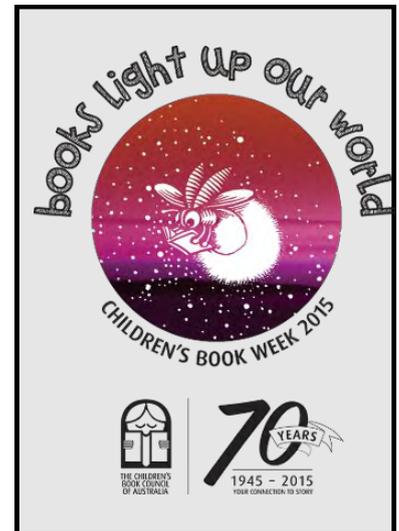

Each year the Children's Book Council announces a collection of books nominated for various book awards. These books are up on display in the library leading up to and throughout Book Week, to allow everyone to view them. Encourage your children to visit the library to view this collection of books for awards in Early Childhood, Picture Story, Young Readers, Older Readers, New Illustrator and Information Categories. Book Award Winners are announced on Friday 21st August.  
Students will be permitted to borrow the Award nominated and winning books after Book Week.

### LIBRARY ACTIVITIES DURING BOOK WEEK

The library is open in the Second Half of lunchtime for students to view the Award Books and during Book Week there will be small activities as listed running as well.

Lunchtime activities: Lantern Making, Bookmarks, Colouring and Stories to Share

**Note:  
As a result of the  
parade and activities,  
Friday 28th Assembly  
is cancelled.**

### Colouring Competition for Primary Students

The library is running a **colouring competition**. See the colouring sheet attached to the newsletter or pick up a sheet from the library. There is two age categories ( Prep-2 and Grades 3-6), with a small prize for the winner of each age group.

So grab those colouring pencils and create!  
Hand in your completed sheets to Kath in the library by Friday 28th August.

**Colouring  
Competition**

## MART SKIING 2015 UPDATE

Eleven students from Year 3 to Year 9 have taken part in the MART Ski Program this year. They have travelled to Hotham for eight days of skiing or boarding and had lessons every day. Students have all improved their skills and become more resilient and independent on the mountain.

This year for the first time beginner primary skiers had the opportunity to access lessons run by the *Mt Hotham Kids Klub*, and these have been very successful. All our beginner skiers were confident enough after just four days of lessons to take part in the annual Milne Shield Ski Races held between the Myrtleford Schools and Bright P-12.

While Bright took the Shield again this year with their superior numbers, many of the students from Myrtleford P-12, St Mary's and Marian performed well in their age groups. The program continues to grow and is a wonderful opportunity for students to access and enjoy the mountains that are on our doorstep.

If you have any questions about the program or would like to enquire about involvement next year, please do not hesitate to contact me at school for more information. Remember the program can cater to all skiing and boarding abilities from absolute beginners to Olympic hopefuls.

Jo Milford

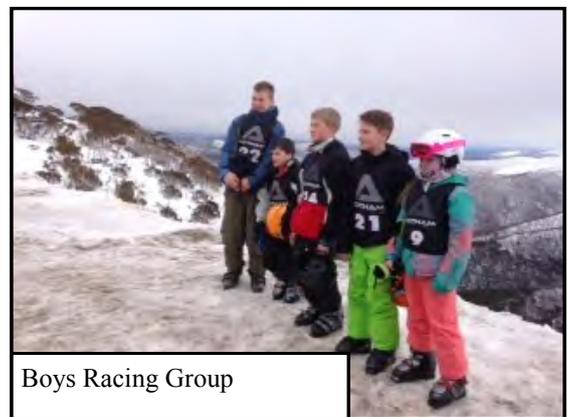

MART Coordinator

Lodi on the Podium

Girls Racing group

Boys Racing Group

## Responsible Pet Ownership Visit

On Friday 14<sup>th</sup> August the P-6 Students took part in a Responsible Pet Ownership Visit.

Students were able to learn about the following:

- when dogs should be left alone
- things we should not do to dogs
- how can you tell if a dog is happy, frightened or angry
- a safe way to approach and greet a dog
- what to do if approached by an unknown or aggressive dog.

'It was good because I learnt how to stand still when there is an angry dog' – Lily (Year 1)

'I learnt that we have to stand as quiet as a mouse if a dog approaches me' – Mitchell (Year 1)

'This talk helped me to understand more about my pets and what they need to stay healthy and happy. I also learnt that some dogs need to wear a red and yellow collar to show us that they are 'Dangerous Dogs'. – Dusty (Year 5)

'Glynis demonstrated how to approach dogs that you don't know. She also explained to us how to recognise how a dog is feeling.' – Amy (Year 5)

'Glynis explained to us that dogs that do not have a microchip or an ID tag can be sent to the pound and put down because no one knows who the dog belongs to.' – Levi (Year 5)

## MANY GREEN HANDS MAKE LIGHT WORK!

In one hour last Friday, a team of eight students from grades 3 to 6 (with help from Graham & Claire) dug trenches and planted approximately 180 Primula seedlings. The Primulas will soon be flowering along the fence line of the staff car park, brightening up our school's Prince Street frontage. Thank you to Nick, Jaiden, Simon, Harris, Riley, Ava, Jai & Ethan!

# INFORMATION REPORTS ON NON-FICTION TEXTS

# 1 W

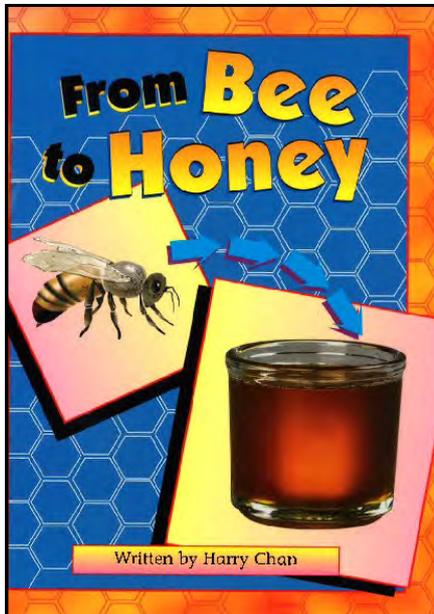

For the past few weeks in Literacy we have been looking at non-fiction texts. This has tied in with our “ Living Things” topic in Science. One of our Guided Reading texts was titled “ From Bees to Honey” where we learnt some interesting facts about how honey is made. In Writing we wrote some facts that we learnt from this information.

*Mrs Watson*

They are black and yellow. I learnt that they can sting only one time. Geordie

Bees have black and yellow stripes on their body. I learnt that there is a queen bee. Molly

Bees live in a hive and have yellow and black stripes. I learnt that there is a drone bee. Alex

Bees look black and yellow. Bees have stings. Jed

A bee is black and yellow. I like bees because they make honey. Brackston

They live in a hive and are yellow and black. They get the nectar from flowers. Natasha

Bees look like wasps. They collect nectar from flowers. William

They live in a hive. They look black and yellow and have 6 legs. I learnt that there are drone bees. Caleb

Bees live in a hive. I have found out that bees are black and yellow. Cheyanne

Bees live in a hive. They take nectar to the hive. Riley

Bees live in a hive. I found out that bees can only make a little drop of honey a day. Charli

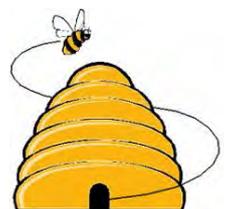

They live in hives. I learnt that bees get nectar from flowers. Jay

Bees look like a wasp. I learnt that bees can only make a drop of honey each day. Dash

A bee lives in a hive and they have black and yellow stripes. A bee can only sting you once. Meea

A bee looks like a black and yellow mosquito. I learnt that bees warm up their honey. Hudson

It is yellow and black. It lives in the hive. I found out that there is a drone bee. Ashlee

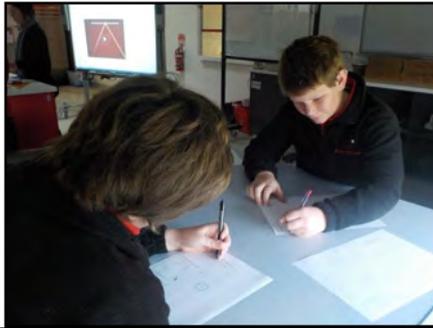

# SCIENCE WEEK ACTIVITIES

## The International Year of Light and Light-based Technologies.

2015 is The International Year of Light. Light and light-based technologies are a part of most modern technology, from mobile phones to laser shows. In Australia, a mix of business, education, arts and science are coming together to celebrate all things 'light'. This global initiative aims to raise awareness of how optical technologies promote sustainable development and provide solutions to worldwide challenges in energy, education, agriculture, communication and health. The future of light technologies is dependent upon understanding how to apply light technologies to new solutions and creations that enhance our everyday life.

Students were given preliminary questions to answer, and over the course of the topic, will investigate and research to expand on their existing knowledge.

This week is also Science Week, so in recognition of both occasions, the Grade 5 and 6 students have commenced a unit of work on 'Light and Colour' with pre-service teacher Mel Daws. The students are learning about the various characteristics of light, the variety of ways light interacts with different objects and how light knowledge applies to our daily lives. During the unit, students will be encouraged to examine their own light related questions to expand their learning opportunities and understandings.

*Mel Daws (Pre-Service teacher)*

## YEAR 12 PSYCHOLOGY

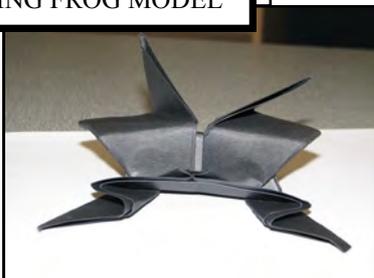

The Year 12 Psychology class had fun last week making origami jumping frogs and balloon animals. One of the major SACs in Unit 4 is a folio of practical activities demonstrating the different types of learning. To study observational learning, students looked at the work of Albert Bandura in the 1960s and then had to apply the five key elements of observational learning (Attention, Retention, Reproduction, Motivation and Reinforcement) to the creation of an origami jumping frog and a balloon dog. The completed frogs were lined up for a jump-off (to see whose frog could jump the furthest), which was won by Isaac and Amie. There were also some very impressive balloon dogs created by Tahra and Abbey. Even though Year 12 is a lot of work there is always room for a little fun in Psychology.

*Ms Bridgfoot*

## Learning about learning

JUMPING FROG MODEL

BALLOON ANIMAL MODELS

## With Prep to Year 5 students...

### Art

### 3D Art continues

...  
Salt Dough Structures

...  
Knitting

...  
3D Cardboard Sculptures

...  
House Models

Our Art room has been filled with busy activity over the past fortnight as we continue to sculpt and construct 3D artworks. Prep students have made salt dough sculptures. We first mixed together the ingredients (flour, salt and water) and then used the dough to form pinch pots, coiled pots and other creative sculptures.

Year 1 and Year 2 students have started their knitting. Year 1 students have made a French Knitting Loom using cardboard tubing, popsticks and tape. It took a little practise to master, but we have established a rhythm and have many looms now showing a long trail of knitting. Year 2 students also had an option to knit using traditional needles. This too proved tricky. Trish helped students to persist and many also had a go at finger knitting.

Year 3 and 4 students began a new project based upon contemporary sculpture. We looked at modern pieces and then created a design for our own work. Some students designed a geometric piece, others have based their design on the first letter of their given name. These will be built into 3D cardboard sculptures.

Year 5 have started building their house models from Balsa wood. I am really impressed by how students are carefully using a variety of materials, and look forward to seeing their completed projects. See photos below.

Mrs Ladeane Lindsay

# INCLINOMETERS

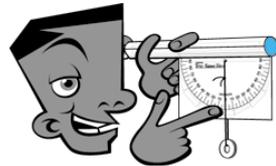

On Tuesday morning, the Year 8 and 9 students in MYCAL constructed some inclinometers out of paper, card, tape, string and clips. They then went outside and used the inclinometers to determine the height of objects such as, buildings, trees, poles and basketball rings. Each student had to measure their distance from the base of the object, look through their rolled up paper tube at the top of the object and measure the angle given on their inclinometer.

They repeated this process for six different objects and then returned to class to complete their working out. Each student constructed six diagrams detailing where they were standing, how far away they were from an object and the angle from their line of sight to the top of the object. They then had to determine which trigonometric ratio they needed to use to find the length of the missing side of their triangle. Then they had to calculate the height and add on their own eye height to figure out how tall their object was. Each student demonstrated great persistence and mathematical understanding through their completion of this task.

*Amanda Barron*

## Health Corner ...with Adolescent Health Nurse

### Secondary studies - Managing Stress

**Stress is a common issue for secondary students, particularly around assessment or exam times. But there are lots of ways to manage your stress. Remember, you can always seek help if you feel you are not coping on your own. I held a pamper day recently for Year 12's giving them the opportunity to relax and de-stress with a simple hand scrub and shoulder massage.**

#### Stress management tips for everyone

- Take care of yourself. Eat a healthy diet, exercise regularly and get enough sleep.
- Do at least one activity every day that you find relaxing – for example aromatherapy, going for a walk, listening to music, gardening, reading for enjoyment, keeping a personal journal or diary.
- Discuss your problems. Talking to someone else often puts problems into perspective. Talk to other students, friends, family members or a student counsellor. Don't be afraid to ask for help if you need to.
- Work out which issues are causing the stress, and try to address them. For example, if you are having problems with a particular subject or assignment, talk to your lecturer or other students about it. If, despite your best efforts, you feel you are slipping behind, you could get help from a teacher.
- Have a plan to manage stress around assessment and exam times. A good long term strategy to deal with exam stress is to manage stress across the whole academic year.
- Learn a relaxation technique such as breathing exercises, muscle relaxation, yoga or meditation, and set aside at least 20 minutes each day to practise it. You may have to experiment with a few different techniques before you find the one that works best for you.
- Focus on your strengths. You could keep a list of things that you are good at, your achievements and successes, and refer back to it to give your self-esteem a boost.
- Keep your life in balance – it's an important key to managing stress. Burnout can be caused by focusing on one aspect of life to the exclusion of all others. Schedule fun and enjoyment into every week, and allow time for family and friends along with your study. Put this into your study timetable.

**Make time management and getting organised important to you.  
Remember that you are less likely to worry if you plan ahead.  
Don't be afraid to seek assistance.....**

#### Where to get help:

Adolescent Health Nurse Rosemary  
Teachers  
Doctor

#### Thought for the week:

"In a year you'll barely remember why you felt so stressed, so why stress about it now?"

#### SUPPORT FOR PARENTS AND CARERS OF CHILDREN ON THE AUTISM SPECTRUM

There can be many challenges and many joyful moments that come our way while on the journey raising a child on the spectrum. Sometimes it's nice to have the opportunity to share and discuss these with other parents on a similar journey.

We are parents who have organised a group for this very purpose for families within the Alpine Shire and surrounding areas.

We welcome all families with children on the spectrum, whether diagnosed or undiagnosed to join us, in a relaxed and casual get together:

**WHEN:** 28th AUGUST  
**TIME:** 1PM  
**WHERE:** MYRTLEFORD LIBRARY, Meeting Room

If you want to find out more, or speak to us about coming, please feel free to call

Julie on 0428 877 878 or Sean on 0424 676 416

Or email inquiries to: [buffaloviews@hotmail.com](mailto:buffaloviews@hotmail.com)

You can also look up our FACEBOOK page. Search "Alpine Valley Autism" and it should bring up A.V.A.C.S. Facebook page with lots of valuable information constantly updated.

# PARENTS CLUB NEWS

Parents Club continues to enjoy supporting our College Community by "Fundraising for Fun"! Our fundraising efforts mean that we can offer every student \$50 for their class excursion or activity each year. For example, this has made trips to Melbourne more affordable for Year 10 and 11 students, subsidised jumpers for the Year 12's, and sponsors a student to attend the marvellous Riding Develops Abilities Horse Riding Sessions. Parents Club also organises fun, pop-up events like the popular Fresh Fruit Friday every week and the delicious Hot Chocolate & Cookie Morning Tea for all staff and students. Thank you to everyone who has helped at an event, bought a raffle ticket, played bingo or donated an item - every bit helps! Congratulations to Matt Hines for winning the recent wood raffle. It was a popular raffle raising \$475, with the prize generously donated by Myrtleford Football Netball Club.

*Claire Stock*

**Please support our school  
Donate a gift for the Fathers Day Stall Thursday 3<sup>rd</sup> September 2015**

We are looking for any items that the children from Prep to Grade 6 may be able to purchase for their father. All gifts will be under \$10 on the day.  
All donations can be dropped off to the school office no later than Monday 31<sup>st</sup> August 2015  
Thank you for your help

Mother's Day Stall held earlier this year

**Next Meeting  
9am  
11th September**

**Thanks for your ongoing support!**

**ThemeParks.com.au  
Our School Ticket Sale**

Village Roadshow Theme Parks is offering our school community a limited time ticket offer. Simply visit ThemeParks.com.au/promocode and enter our promocode "CPC615" to gain access to these ticket offers.

\*Terms & conditions apply, offer valid for a limited time.

1506885 SEA WORLD © 2015 & TM Sea World Property Trust, WARNER BROS. MOVIE WORLD and logo and all related characters and elements are trademarks of and © Warner Bros. Entertainment Inc. (15)

**Important Dates!** Plenty of activities planned for the remainder of the year.

**Principals' Day is next week on Friday 28 August** so bring a plate of morning tea to celebrate with the staff (10:40am in the staffroom) and watch for the surprise in store for Mr Pear!

After the successful Mother's Day stall earlier this year, Parents Club is seeking donations of small items for the **Father's Day** version on **Thursday 3 September** - please leave donations at the front office during August.

**Bingo continues every Tuesday at the Railway Hotel** - Jo McKibbin & Tanya Aldridge do a tremendous effort organising this weekly fundraising activity. Eyes down at 1:00pm. Perhaps you're available to help out occasionally? Specifically seeking helpers on 22nd & 29th September and it's always good to have backup help.

Finally, watch this newsletter for information on the **College Art Exhibition 7-9 October** and the **Trivia Night on 23 October**.

With many new families joining our school, it has been great to welcome new helpers and new ideas to Parents Club to involve all parents, caregivers and friends. Our next meeting is 9:00am Friday 11 September (in the staffroom) or if you can't attend meetings, have a chat with Claire Stock (0439488378) or Bernadette Hays (0438403068).
