## A few words from the Principal...

### A SEMESTER WORTH CELEBRATING

Congratulations to our whole College community, students, parents and staff, on a very successful twenty weeks of learning. This half year has again been a busy one for our College with lots of activities happening inside and outside the classroom. Our students have attended excursions to Melbourne, Albury, Wodonga, Wangaratta and many other interesting places in Victoria. Student leaders have represented the College at a variety of community events. Our students have excelled on the sporting front with many individuals and teams winning through to regional stages of their chosen events.  
 Well done to us!

### END OF SEMESTER REPORTS

Semester One reports have been completed. Prep to Year 6 reports were sent home with students yesterday. Students in Years 7 to 12 will have their reports sent home in the mail. These reports are based on information collected from multiple sources throughout the first half of the year. The midyear report is an important indicator of how your child has progressed in their learning. Parents will be able to get a sense of whether their child is maximising their learning opportunities and what their child's strengths and areas for improvement are. An important role that parents can play in this process is to discuss with your child their goals for the second semester.

### END OF TERM

On behalf of all the staff at Myrtleford P12 College I would like to wish all our families a safe holiday period. We look forward to seeing everyone next term. School resumes for Term 3 on Monday 11<sup>th</sup> July.

# COLLEGE ANNOUNCEMENTS

## Congratulations Liam Macgowan on qualifying for School STATE Cross Country!

Liam in action at the Hume Region at Broadford last week, seen passing a competitor on the uphill run to place 9th, with a time of 11:37.

### HUME REGION CROSS COUNTRY

Last week there were a number of students from both Primary and Secondary that competed in the Hume Region Cross Country at Broadford. The course was tough with lots of hills, mud and elements of nature. Our students represented the College very well on the day, participating with enthusiasm and great effort.

Congratulations to Liam Macgowan, who qualified for the School State championships to be held in Bundoora on July 14th.

We wish him luck and celebrate his achievements with him.

### Staff Morning Tea

Every year, the staff of the College put on morning tea as a fundraiser for community service. Over the years we have raised money for the Cancer Council as well as supported local participants in 'Shave for a Cure.'

This year we have supported **beyondblue** to highlight the importance of support for mental illness. We had a theme of blue and enjoyed some blue food which showed the talents of some of our staff as master chefs!

We thank all the staff for their support in food and donations.

# FAREWELL TO OSCAR

Oscar joined us just under 12 months ago on Rotary Exchange from Sweden. He will return home shortly with a greater perspective on the world, himself and Australia. We wish him every success in his future journey and hope he remembers Myrtleford P-12 College fondly.

His command of English is excellent but he did have to adjust to our slang, it was lucky, "he is a fair dinkum good bloke and a bonza mate who was always up for a bbq."

Since arriving he has embraced all things Australia!

Surfing at Torquay

Local Myrtleford Festival

With his legal studies class he even went on an excursion to Barwon Prison- he has seen so much of Australia!

Hiking and Camping

**Good luck Oscar and we hope to see you again 'Downunder!'**

**WOOD RAFFLE**

Congratulations to Sienna Molina from Prep L on winning the wood raffle. Her family will be kept warm this winter with a load of wood donated by Myrtleford Alpine Saints Football Netball Club. It was another successful fundraiser, raising over \$780. Thank you to Sonya Hines for her help preparing and distributing the raffle tickets.

**FRESH FRUIT FRIDAY WITH JELLY**

Every week, dedicated Parents' Club members chop and prepare fruit platters from produce donated by Coles. As a special end of term treat they made jelly cups topped with fruit salad. Delicious! Well done to Michelle Novak, Minette Ramia, Melissa Reid and Nat Zanotto for working hard the night before getting everything ready at the FoodWorks kitchen.

**ELECTION DAY BBQ & CAKE STALL**

It may be school holidays but we'll be back to school to vote as MP-12 College is Myrtleford's polling location on Saturday 2nd July. We'll be firing up the BBQ for a sausage sizzle and need helpers for a just a few hours. Alternatively, you could bring a cake or bring a plate of biscuits to sell (please list ingredients). This is a great chance for weekday workers to get involved! Please contact me on 0439 488 378. See ours and other listings of where sausages are available on election day at [www.snag.vote](http://www.snag.vote)

**LIBRARY NEWS**

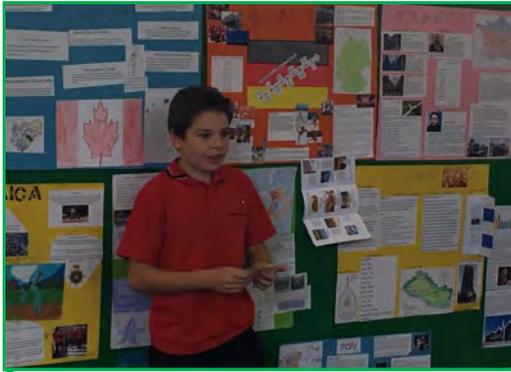

In the library these past two weeks we have been enjoying our new collection of Dr Seuss Books that were kindly donated to the school by the Knobel family. A great big THANK YOU to them for this great collection that we can share and borrow. Molly Knobel is seen here holding our new collection.

Lunchtimes in the library have been full of fun reciting our favourite Dr Seuss stories, "Green Eggs and Ham" the most popular, and experiencing some new ones as well. Some of the students have also been drawing and colouring new book marks whilst listening to the stories. Here are some examples of their great creations.

## YEAR 5 STUDY OF EUROPEAN AND NORTH AMERICAN COUNTRIES

During Term 3 Geography studies, the Year 5 students selected a European or North American country to research. Each student completed a project, discovering interesting facts about their particular country. Their studies finished with an 'International Feast' and 'oral presentation'.

Each student prepared a dish from their particular country, and brought it to school to share with classmates, parents, grandparents and friends. Some of the foods that students were able to sample included Cabbage Soup from Russia, Mojo Chicken with Mango and Avocado Salsa from Cuba and Tacos from Mexico.

Students each gave an oral presentation, sharing interesting facts and posters and talking about their models. It is a daunting and nerve wracking experience for students to stand up and speak in front of such a large audience; over 30 parents, grandparents and friends came to enjoy the experience and magnificent cuisine.

*Mrs Antonello*

## VCE UNIT 3 AND 4 LEGAL STUDIES

During Term 2 the Unit 3 Legal Studies class had the opportunity to participate in the “School’s Program” at **H.M. Prison, Barwon**, Victoria’s maximum security prison. The class left school at 7.15am to travel to Lara, near Geelong, to the prison. Once there we were put through a security screening that all visitors to the prison need to submit to. This screening process is done to determine that none of us were carrying contraband, such as concealed weapons, drugs or other items that may be used to make a weapon.

When we had all satisfied the strict security screening process, we were led by Prison Wardens to the Visitor centre. Here we met three inmates.

The first inmate “Chris” told us of his history and how he had come to be serving time at Barwon. He had been in and out of prison for a number of years on drug and burglary charges. He was hopeful this time he had turned a corner and would be out for good soon.

The second inmate “Ross” told us of his conviction for a double murder. He mentioned the effect this had on his life, and the lives of the families affected by his actions. Ross was serving a 34 year sentence.

The final inmate, “Nathan” had a number of messages for the students about making the correct choices in life, to avoid getting into trouble with the law.

Students were able to ask questions of the three inmates and, by viewing photos and three dimensional models, see what life in prison was like. At the end of the visit session, the Prison Wardens took us back to a conference room where they addressed us about their lives in the role of a Prison Warden and what led them to taking up that career. They also filled us in on the backgrounds of the three inmates, shedding further light on how they had come to be serving prison sentences. The Legal Studies students were commended on their excellent behaviour by the Prison Wardens before we left the facility.

I would like thank Kath Morgan for attending the excursion as an assistant and the students for their outstanding behaviour in representing both Myrtleford P12 College and Marian College. A very interesting and educational experience was had by all.

## LAW, DESIGN & HEALTH: MID-YEAR HOLIDAY WORKSHOPS

### Interdisciplinary Drawing Workshop (Y10-12)

**29 June, 2016 (one day workshop 10.00am - 3.00pm)**

**Australian Catholic University, Ballarat campus...LIMITED TO 25 PLACES**

Thinking about studying at university for a career in art or design? Then this hands-on creative workshop is a great opportunity to experience these profession areas. You'll experiment with drawing 'beyond the pen and pencil' as well as exploring and discussing techniques and understanding what university study is all about.

### LSAP Workshop (Y10-12)

**1 July, 2016 (one day workshop 10.00am - 4.30pm)**

**Victoria University Law School, Melbourne (CBD)...FILLING FAST**

If you're a Year 10, 11 or 12 student who has decided on a career in the legal profession, or are thinking seriously about it, this intensive LSAP (Legal Studies & Australian Politics) Workshop Program is for you.

### Next Step - Health Workshop (Yr11-12)

**8 July, 2016 (one day workshop 9.30am - 1.00pm)**

**Alfred Hospital, Prahran, Melbourne...CLOSING SOON**

Which Health profession is right for me? What subjects do I need? What is university study like? Can I do it? What courses are there? If you are in VCE, thinking about these questions this workshop is a must. It will help you to understand where uni and a career in the Health industry can take you. Guest speakers from the Department of Health, current uni students and a leading university academic will answer all your questions and give you a glimpse into your future as a Health professional.

## YEAR 7-12 NEWS

### CARE PACKS FOR THE HOMELESS

On our excursion to Melbourne on 6<sup>th</sup> June one of our venues was the National Gallery of Victoria. There, we saw a range of student works including an artwork that was raising the issue of the homeless. This artwork was a video projection titled '*Forecast Deprivation*' by Alexandra Trethewey.

After seeing this work, we became more aware of the number of homeless in the city, as we were on our way to lunch it made us sad that a woman was sitting on Flinders St Bridge begging for money. Along Swanston St on our way to the Melbourne Museum, we saw many other homeless. We discussed their situation. It then made us aware that we needed to help. Even though at the time, we could not help them, we spent our time on the train journey discussing the issue and coming up with a campaign to help others in our community.

Our idea is to create a 'care pack' that we would **distribute** directly to the homeless in an effort to make someone's day just a little more easier. The things in the care pack would include basic hygiene and sanitary items. We would like your support in assisting us in this project by either donating one or some of the items listed below. You can also decide to donate money and we will purchase the required items. Money for this project can be left at the front office. We anticipate distributing these care packs in mid- August. If you have any queries or suggestions or want further information please contact us at the College on 5752 1174.

Donations will be accepted at the College office.

List of good quality items include:

Toothbrush, toothpaste, deodorant, female sanitary items, small tissue packs, wet wipes, dry shampoo, wool/cotton blend socks in a variety of adult sizes, inflatable travel pillow, wool scarves and beanies, re-usable hard plastic water bottle, comb/hairbrush, anti-bacterial microfiber travel towel.

Kind regards

Charlotte Martin, Amy Rogers, Cherie Selzer, Emma Shaw

## ATAR Notes Kickstart Lecture Series

RMIT is partnering with ATAR Notes to provide a series of **FREE** lectures for VCE students.

The Kickstart lecture series, running during the upcoming school holidays, will help students prepare for Unit 4 studies across 13 different subjects. Lectures are delivered by current tertiary students and young professionals who achieved excellent results in these subjects during their final year of high school.

Lectures are held at RMIT's City campus, and tickets are very limited. The Unit 3 preparation lectures in January booked out very quickly, so please encourage your students to register soon if they wish to secure a place.

Registrations can be made through

# SNAP NEWS

You are receiving this invitation because you have a child enrolled at one of RMIT's Schools Network Access Program (SNAP) partner schools.

SNAP is a partnership with over 200 schools throughout metropolitan Melbourne and regional Victoria, designed to increase students' access to further education.

Students attending SNAP schools receive priority access to RMIT courses after they complete Year 12.

The SNAP team at RMIT also offers a range of programs and resources for secondary students, teachers and parents to encourage students to consider further education - whether at RMIT, or another university or TAFE.

## Introduction to education: Information sessions for parents and carers

RMIT staff and students will deliver a number of short presentations covering:

- university and TAFE: what are they, how are they different, and what are the benefits of each?
- career and study goals: strategies and resources for you and your child
- starting out at university and TAFE: expectations vs. reality
- it's not just about study: what other services and opportunities are available to university and TAFE students?

You will also have the chance to speak with staff and students after the session, and ask any further questions you may have.

## DRONES, DROIDS & ROBOTS

**COME & MEET  
NAO THE ROBOT**

Drones are not just a hobby, but a viable career option. Find out how Drones are revolutionising farming, and used as a delivery system, with guest presenters & Drone Pilots, from Digitalfalcon, UAVfalcon, & BLKtatu.

Robots and Rural Health Services? What do they have in common? Come and meet NAO the robot, GoTafe's SIM Man and find out. Nao may even lead a dance session, and get the whole hall bopping along.

See 3D printers at work, as well as watch our students demonstrate their building and coding skills using EVA Mindstorms Lego. Try your hand at driving Sphero Robots through mazes, or coding with Coderdojo.

There's also plenty of advice on S.T.E.M Careers pathways by exhibitors from the Australian Defence Forces, GoTAFE, Charles Sturt Uni, Latrobe Uni, Royal Society of Victoria, just to name a few.

We also have a special treat, with CSU's Skystories, setting up telescopes for an evening of star gazing.

## STUDY OPTIONS

for mature age students at La Trobe University

We have partnered with an initiative of La Trobe University to highlight the opportunities for mature age study.

Below is the second student profile in a series.

# PSYCHOLOGY

## MAKING THE IMPOSSIBLE, POSSIBLE

Have you ever considered university study but then thought...  
"I don't have time", "Am I smart enough?", "Can I afford it?"  
Well you're certainly not alone! Our students are balancing families,  
careers, finances and all that life throws at them, to pursue their passions  
and dreams. Stay tuned to find your inspiration...

### Monica Jones

*Psychology Graduate  
La Trobe University, Albury-Wodonga Campus*

Being a single mum to four children and taking on a university degree seems like an impossible task, but for Monica Jones her kids are motivation to study even harder.

Now on her way to completing her Honours in Psychology, Monica first began studying in 2011 when she had just become a single parent to her children then aged 9, 6, 4 and 2. While she said she was nervous, with four kids and a background in retail she knew she was made of tough stuff.

Monica entered La Trobe through the Tertiary Enabling Program, where she was able to confirm her interest in Psychology and familiarise herself with university study in a supported environment.

She is now set to complete her Honours in August with an interest in pursuing more research before embarking on an academic career.

My biggest fear was that I'd given up a job and wouldn't enjoy or see the benefit of university - but that changed pretty quickly because I'm really passionate about what I'm learning.

### Young People and Gaming 2– advice from Generation Next

Following on from the last newsletter, some information about young people and gaming.....  
The behaviour is compulsive. It draws our children in. It hangs onto them. But it's rarely an addiction.

Repetitive use of Internet-based games, often with other players, that leads to significant issues with functioning is displayed when five of the following criteria are apparent within one year:

- Preoccupation or obsession with Internet games.
- Withdrawal symptoms when not playing Internet games.
- A build-up of tolerance—more time needs to be spent playing the games.
- The person has tried to stop or curb playing Internet games, but has failed to do so.
- The person has had a loss of interest in other life activities, such as hobbies.
- A person has had continued overuse of Internet games even with the knowledge of how much they impact a person's life.
- The person lied to others about his or her Internet game usage.
- The person uses Internet games to relieve anxiety or guilt – it's a way to escape.
- The person has lost or put at risk an opportunity or relationship because of Internet games.

#### So how do we avoid issues of functioning?

**First**-talk it through. Be calm – and don't have the conversation while they're halfway through a level or a mission. It will end badly.

**Second**- work out why it means so much to them.

**Third**-problem-solve together.

**Four**- minimise control.

You will find that this is harder than it seems. But getting the conversation right will aid you enormously. Even so, your child will still struggle to regulate their behaviour.

#### The following ideas may be helpful:

- Agree ahead of time how long is suitable on games
- Agree ahead of time what time games will go off at night
- Agree ahead of time on a strategy for getting them to switch off when asked
- Agree ahead of time to keep games out of bedrooms and in public areas
- Agree ahead of time that text messages, a tap on the door, or the oven timer will be used for a 15 minute warning
- Agree ahead of time that they must respond to those warnings
- Agree ahead of time what the consequences of refusal to get off the game will be
- Agree ahead of time that schoolwork and other priorities will be completed ahead of gaming

You will note that this approach requires pro-activity, and active parenting.

The architecture of these games leads to "time slippage". The games are designed to be as compelling as possible. They are literally designed to trap and compel our children to play and play and play.

**Consistent, calm, kind conversations with our children (at the right time and in the right place – not in the heat of battle) are how we eventually beat the game – and take our parenting and our relationships with our children to the "next level".**

Good luck.

**Quote for the week:** "Is playing this game more fun than hanging out with your friends?"

**YOUTH CENTRE IN MYRTLEFORD**

Do you live in or around Myrtleford?  
Are you aged 12 - 21?  
Do you think Myrtleford needs a Youth Centre?

If yes, contact More Youth Centres to see how you can help make this happen. We need a committee of young people to get this project off the ground.
