A few words from the Principal

2018 NAPLAN Results

As you would be aware students in Years 3, 5, 7 and 9 completed NAPLAN testing in numeracy and literacy during Term 2. The purpose of the testing is to identify strengths and areas for improvement on an individual student level and collectively as a College. The results arrived today. We look forward to analysing the results and sharing the data with our College community. Parents of students in these year levels will receive their child's results in the mail early next week. Parents are reminded that NAPLAN results are just one indicator of student performance and that a more comprehensive understanding of academic progress can be obtained by speaking to your child's teacher. Please contact the College if you have any questions regarding NAPLAN.

Book Week

On Wednesday last week, we celebrated Book Week with a variety of fun activities including a dress up parade. It was such a fun day with students in costume and teachers dressed as pirate themed characters. It was also pleasing to see so many parents and grandparents attending to support our children. A lot of thought and effort obviously went into the preparation and all the students looked very colourful and realistic in their costumes. Well done to Ms Hourigan for organising the day, all our Prep to Year 6 students, their parents and teachers!

Myrtleford P12 College Variety Performance

A reminder that the annual Myrtleford P12 College Variety Performance Evening will be held at EMPAC on Wednesday 19th September. The students are very excited and have some great acts planned. We look forward to seeing you there for what will be an entertaining and enjoyable evening.

Student/Parent/Teacher learning conferences

Parent/Teacher/Student Learning Conferences for all students were conducted this week. Thank you to all the parents who attended, and it was pleasing to see so many students participating. If you were not able to attend the session and would like to discuss your child's progress please contact the relevant teacher to arrange a convenient time to meet.

Book Week in the library

To help celebrate the CBCA Book Awards last week, the library was brightened by some art work completed during Book Week. Miss Bigger and her groups worked on a 'Mopoke' Tree and Mrs Holden and her groups on a 'Florette' collage. Both pieces were inspired by two of the Book Award shortlisted books. Come into the library and check them out. Students have also had the opportunity to see all the shortlisted CBCA Award books on display. Feel free to visit the library and have a browse yourself.

CBCA Book Displays in the library

COLLEGE ANNOUNCEMENTS

On the 20th and 21st July Louis Sanderson represented Myrtleford P12 College in the Victorian Interschool's Snowsports Championships at Mt Buller. Louis, who is in Year 1 at the College and trains at Falls Creek Race Club, competed in the Prep – Year 2 Division, along with hundreds of other competitors from around the state. Louis took to the Skier Cross Course on the Monday, where he easily qualified for finals. He improved on his qualification time by several seconds, placing him 9th overall, out of a field of close to 100 boys.

On the Tuesday, he competed in Giant Slalom (GS) in a field of well over 100, finishing in a very impressive 6th place! Both of these results have qualified Louis for the National Championships held in Perisher in the coming weeks. Well done Louis!

Louis Sanderson qualifies for National Championships!

VCAL and MYCAL Gardening

VCAL and MYCAL classes are intending to complete some gardening work for elderly/'grandparently' people in Myrtleford who are keen to have a vegetable garden but who are physically unable to dig/weed, etc. Students would also be able to assist with general garden tidying. Previously students at the College have done this under the 'Cultivating Communities' program.

We currently have two local gardens, but need some more. If you or a family member would be interested in being involved, please contact either Andrew Murray or Craig Delaney at school. The work is likely to be undertaken during the first few weeks of Term 4.

Would you like a vegetable garden, but can't quite manage it? Our students are here to lend a helping hand.

PERFORMANCE EVENING 2018 AFTER SCHOOL REHEARSALS

If you have an act for the performance Evening coming up in **Week 10- Wednesday 19th September**- then you need to come down to some rehearsals after school at EMPAC so that we can see your act and give you some feedback!

Week 8: **Tuesday 4th September 3.30-5 pm and Wednesday 5th September 3.30-5 pm.**

Week 9: **Tuesday 11th September 3.30-5 pm**

Week 10: **Performance Week.**

PARENTS CLUB NEWS

JEANS FOR GENES

Parents Club was pleased to support the student-led fundraiser with a free BBQ. Helpers for the day were Narelle Collins, Sukey Hughes, Sandi and Clint Savage, Minette Ramia and Bernadette Hays. Thank you also to FoodWorks Myrtleford for the discounted butcher's sausages and to Heiner's Bakery for the bread order.

PIE DRIVE

Another successful and delicious fundraiser, raising over \$1000. By the numbers, the most popular pies ordered were chicken (39), beef (33) then bacon (30), with apple pies (25) and vegetarian rolls (26) also popular. All up, Heiner's Bakery made us a combined total of 89 dozen lamingtons and jelly cakes - that's 1068 individual cakes! Packing day was smooth with efficient help by Margaret Benci, Courtney Kneebone, Kaleena Kneebone, Josie Robertson and Sandi Savage.

NEXT MEETING: 1:30pm Friday 14 September

HUME DISTRICT SENIOR SOCCER

On Tuesday 14th of August, I had the privilege of taking the Senior Boys' Soccer Team down to Shepparton for the Hume District Soccer Competition. The team consisted of Jack Milford, Jack Woodall, Azia Feltrin, Will Quirk, Tom La Spina, Riley Lunardi, Sam Pirrone, Nathan Gunson, Charlie Crisp, Fletcher Caponecchia and Dominic Bedendo. The boys were brimming with excitement and anticipation about the day ahead on the bus journey down, and after fantastic directional instructions from Azia, we made our way to the grounds.

The first game of the day caused the butterflies to flutter, with the opposing team scoring a goal within two minutes of the game commencing. This was possibly due to the boys not really completing an adequate warm up and being taken a little bit by surprise with the tenacity of how the other team started. This was short lived. From that little scare onwards, the boys grew in stature and determination and went about the task at hand, very quickly responding with two successive goals and the securing of the win.

Having used the first game as a warm up, the second game saw a completely different approach. The team started the game at a frenetic pace, set by our boys. Shots on goal were put on a platter by the silver boots and silky skills of Jack Milford and Fletcher Caponecchia with goals being scored left, right and centre. Multiple goals were scored, nearly at will, by Jack Woodall, Dominic, Jack Milford, Azia and Fletcher. Will Quirk and Tom La Spina played a strong centre forward position, constantly menacing and finding gaps in the opposing defensive line. Riley, Sam and Nathan were steadfast in their defence, stifling the opposing teams attacking opportunities and this was further topped off by the ultra-safe hands of Charlie's outstanding performance as goalie.

The final game of the day saw another slow start, until it was realised that the team they were playing were also at a 2-0 win ratio and as a result were also capable of taking out first place. Once this was realised it was if a switch was flicked, with five quick goals being scored within a matter of minutes and seeing the goal of the day scored by Dominic 'Pogba' Bedendo, lobbing the ball over the last defenders head and securing the Hume Championship Flag for the College. All in all, it was a fantastic display of skills and attitude by our boys who represented our College with distinction, pride and sportsmanlike conduct. I wish the team luck in the State Final and I am certain, no matter what the result, they will finish with their heads held high knowing that they have given it their best. Well done again boys!

Mr Phil Tyson.

HUME DISTRICT JUNIOR BADMINTON

On Tuesday the 21st of August, Matilda Lyons, Grace McKinnon, Lani Cousins, Hannah Pear, Olivia Buckley, Bella Pascoe and myself, all headed off to the Wangaratta Indoor Sports and Aquatic Centre for the Year 7 Girls Hume Badminton Competition. The girls were bristling with excitement, eagerness and anticipation at the prospect of competing with some pretty tough, steely faced and intimidating rival teams. The girls relished the opportunity of taking on the best in the region.

After discussions with the opposing teams accompanying teachers, I realised that we had not adequately prepared the girls for the level of competition they were about to face. The rival schools had well-structured badminton programs and regular competitions in the towns from which they were from, putting them on a whole different skill level. Our girls however faced the adversity head on and welcomed the challenge, giving it everything they had, fighting to the very end of each game and never giving in.

I saw massive improvements in such a short period of time, from the first matches that were played, through to the last games of the day. Little things, such as Matilda mastering the serving technique, to Lani and Hannah dueling out epic rallies and winning closely contested points. Grace, Hannah, Olivia and Bella hit a variety of shots, high and low, to any area on the court, forcing the opposition players to run in all directions.

The girls demonstrated a fighting resilience and a never give up attitude, even when the odds were stacked against them, which is the true embodiment of the school. They did themselves and the College very proud indeed. Well done girls. *Mr Phil Tyson.*

Wheelchair Basketball Fun!

This term we were lucky enough to have Lincoln visit our school. He talked to us about his life and taught us how to play wheelchair basketball. Prep students did a great job learning to control and steer the wheelchairs.

Nash- It was easy and I liked pushing the wheels.

Cara- I kept crashing into anyone and it was fun because every time the ball went in the grass it was hard to get the ball.

Kodey- It was really hard to get the ball off the grass but I liked going fast.

Samson- I liked that I could spin around and it was so easy. I loved how the wheels were bent to make them spin.

Miah- I liked it when I was racing in the wheelchair. It was easy because you just had to push the wheels.

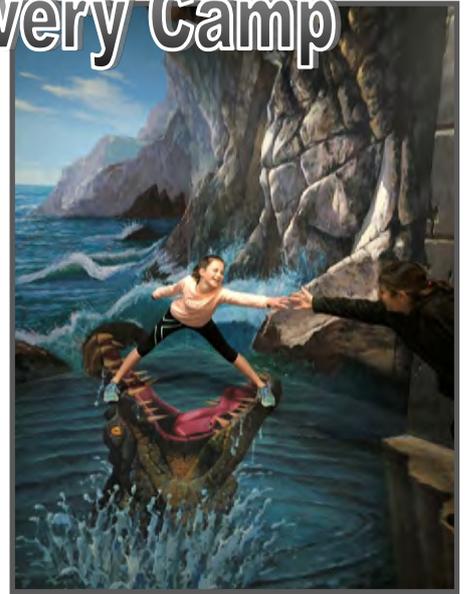

Cooper- I liked racing heaps of people and they kept crashing into me. It was easy because you only have to use your hands to make the wheels move.

Preps

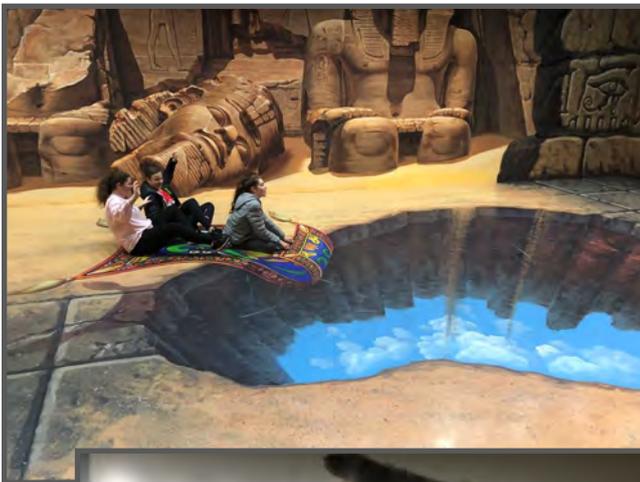

Year 7 Melbourne Discovery Camp

The Melbourne Discovery Camp was great. We went to many places including the Museum, the MCG, IMAX, ARTVO, Laser Tag and the Queen Victoria Market. It was a good learning experience and we also had many fun activities to do along the way. The first day we went to the Museum and IMAX. The museum had lots of interesting artifacts and the movie 'The Meg' was great. The MCG was fun and ARTVO was cool. We got to stand in pictures that made us look like we were in the picture. Laser tag was fun and action-packed. The last day we went to the Queen Victoria Markets where we did a bit of shopping. We then arrived back home.

Overall, it was a great and enjoyable trip.

Matilda, Lani & Bella

VCAL POLICE VISIT

The VCAL class was recently visited by LSC Lisa Lorenz. The VCAL class has been doing work on Community Leaders, training that people do in the workplace and the barriers women face in the workplace. The students were amazed by the amount of training the police do. They face many different situations from rescue work, to providing services in times of need as well as dealing with those breaking the law. Lisa talked to students about her working career, how the Victoria Police have supported women in the workplace and what they are still trying to achieve. Lisa spoke about mental health as a significant workplace issue that many organisations are now attempting to address. Students also got in some questions about her policing work, the dangers, the highs and the lows. It was fantastic and we all wish her two hour visit could have been longer! On behalf of the VCAL students the biggest of thanks to LSC Lisa Lorenz.

Victor Selway

TOBY'S ANIMAL SHOW

Last week, Toby Clifford brought in his animals to do a presentation for the Prep-2 students for Science. The pictures tell the story.

Toby prepared a great presentation for the students. He shared his knowledge about the animals with great enthusiasm and the children were very excited and engaged. This was a great learning opportunity leading in to our Zoo trip in October. The students are learning to really observe animal characteristics and think about how each animal is adapted to its habitat. Thanks to Toby for a wonderful experience for the students. Thanks also to Toby's dad, Greg for bringing in the animals.

Bernadette Holden

This is the Grade 1 AH shared writing using adjectives.

Toby brought two brave, blue-tongue lizards, one funny, curious bird, two slippery, silent axolotls, one bouncy, fluffy rabbit and two tiny hermit crabs.

MYCAL leather workshop

In Semester Two the MYCAL students were introduced to Leather Smithing during a one day work shop with Leather Smith artist, Jackson Kite. They made some beautiful products and prompted the school to reintroduce Leather to the curriculum.

Since then the VCAL students have also been working on designing and creating their own leather products, mainly belts and animal collars. They have learned cutting, dying, assemblage and carving techniques with all the students creating successful products. *Georgia Rose*

HEALTH CORNER...with Adolescent Health Nurse Rosemary Bunge

Busy times visting Myrtleford Lodge.

Since our last newsletter Year 4 C has been down to visit at the Lodge. They shared some wonderful posters and did some colouring with the residents. One of the ladies commented "it just isn't long enough, we wish they could stay longer".

Grade Prep – Year 2 community visits to the dentist.

Over the past 3 weeks each class from Prep to Year 2 has had the opportunity to walk down to Great Alpine Dental Clinic and have some education from Lisa the dental therapist regarding keeping our teeth clean and healthy. The students have had the opportunity to check out the equipment and have a go in the dental chair. Students were well engaged and asked lots of questions. A big thank you to Lisa and Great Alpine Dental for having us to visit and improving our knowledge about oral hygiene.

Parents did you know that if you get Part A benefit on you Tax, you are entitled to \$1,000 of dental treatment per 2 year period for each of your children aged between 2 and 17 years old at a dentist of your choice? You should have received a letter from Centrelink, but if in doubt please check with them.

HEALTH CORNER...with Adolescent Health Nurse Rosemary Bunge

Year 9 student lead parent information session regarding the Smart Generation Program.

As you will be aware from previous newsletter articles Year 9 have been looking at alcohol and how it effects the adolescent brain. Year 9 parents were invited to take part in an opportunity to share in their student's education and understand the latest research and recommendations from the NHMRC regarding alcohol and young people. The parent evening was held on Tuesday August 21st with fun presentations and some nibbles to share. Well done to the students who participated and the parents who attended.

Quote of the week: "Knowledge is the treasure of a wise person."

The Smart Generation – Secondary Supply Legislation Explained

Did you know that three quarters of young people feel their parents could help them to reduce their drinking?

One of the best ways for you to help your child is to not give them permission to drink, and don't give other people permission to give your child alcohol.

This is called 'Secondary Supply Legislation', which makes it illegal for anyone to supply alcohol to minors in a private home without written or verbal permission from their parents. The fine for breaking the law is can be up to \$10,000! This legislation is designed to give parents more control over *when, where* or *if* their children drink alcohol.

Australian research has found that the majority of teenagers would be willing to discuss alcohol with their parents. So, for more information or tips about how to get the conversation started visit: www.teendrinkinglaw.vic.gov.au.

The Smart Generation – Alcohol Use Myth Busting

The Smart Generation Program is encouraging parents to set guidelines about alcohol use as a key strategy for addressing teenage drinking. Some parents ask:

If I set guidelines to not supply alcohol to my teenager, won't they go out and get alcohol elsewhere? Isn't it best to give them a couple of drinks so I know how much they're drinking?

Helen Torpy from Keep Em Safe, a community organisation dedicated to the prevention of alcohol-related harm in young people, has provided the following answer:

The teenager's job description includes rebelling against their parents' rules, so most teenagers will test boundaries to some degree. Often this has more to do with peer group pressure than about the alcohol.

Where parents set a rule that children are not to drink alcohol, the rebellion tends to involve the children having a few drinks behind their parents' backs. Where parents set a rule that allows moderate alcohol use the children tend to rebel with heavy alcohol use. The evidence clearly shows that in families where parents allow alcohol use, the children have a greater risk of involvement in heavy and harmful alcohol use and poor social and development outcomes. By not providing adolescents with alcohol, and not allowing adolescent alcohol use in the home, parents make it clear that they do not favour this behaviour. After some initial rebellion, adolescents tend to endorse parents' attitudes and respect their parents for setting boundaries.

For answers to other frequently asked questions visit www.smartgeneration.org.au.

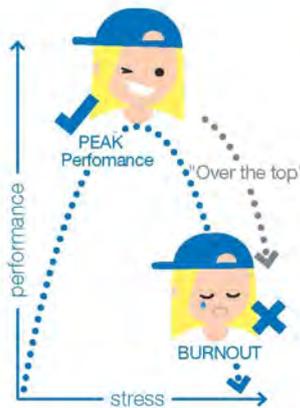

For all our students, but in particular our VCE students preparing for their exams.....

5 STEPS TO STUDY SUCCESS

We've done the homework on studying so you don't have to.
These are your scientifically proven steps to study success.

1 NOT ALL STRESS IS BAD

While it's often given a bad rap, the right amount of stress can actually motivate you to get stuff done. The key thing is to recognise when stress has tipped over from being a motivating force to an overwhelming emotion.

2 20-MINUTE STUDY RULE

No one can study for six hours straight and be effective. Break up your time into twenty-minute chunks for the most effective use of your brain.

3 SAY IT OUT LOUD

The best way to really remember and learn is to talk about what you're learning out loud, without using any notes.

4 BREAKS = GOOD, CONSTANT DISTRACTION = BAD

Taking planned and timed breaks will help you remain on task, but checking your social every 5 minutes is a sure-fire study fail. Research shows that it can take up to twenty minutes to refocus on your task once you've been distracted.

5 SLEEP IS YOUR FRIEND

If you get a good night's sleep before your exam, you are scientifically proven to retain more of what you studied the day before than if you stay up crazy late.
